

Gardanne, February 22<sup>nd</sup>, 2024

Letter of recommendation for  
**Théo GACHET**

I am one of the professors of Théo GACHET at Ecole des Mines de Saint-Etienne. He has in particular followed one of my courses in Production Management and Logistics, where he got the best grade. I found him very serious and motivated. Moreover, I talked with several colleagues to get their opinion. The unanimous feedback is that Théo GACHET is a hard-working student, among the best in his class. I can thus strongly recommend his application for the 2024 edition of ESA Academy's Cybersecurity Training Course, where I am sure he will perform very well.

Stéphane DAUZERE-PERES

Professor « Classe Exceptionnelle » at Mines Saint-Etienne
